

Honey and Coco

by E. L. Reading

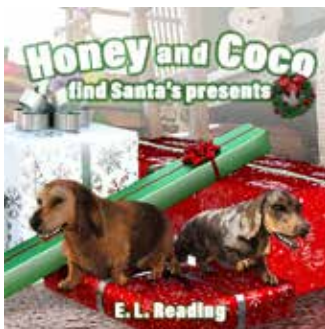

Emily Reading, author of the acclaimed Ruins of Rytus epic fantasy series and mom of one, began her professional writing career at the Aston Martin Lagonda headquarters in Gaydon, UK.

Watching Coco get herself into all sorts of trouble and Honey's calm approach to rescuing her in the family's garden, were the inspiration that kicked off this delightful series of books.

In 2018, Emily became a mother to a beautiful boy called William. He is a big book fan, but an even bigger fan of Honey and Coco. You'll find a message to him in the front of every book.

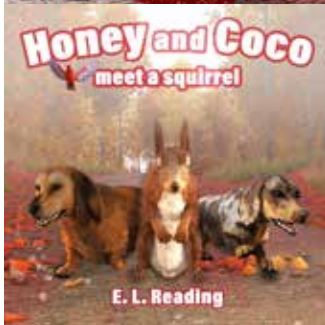

Books

The first book in the Honey and Coco the Dachshunds series.

When Santa loses the children's presents, can Honey and Coco help him find them all in time?

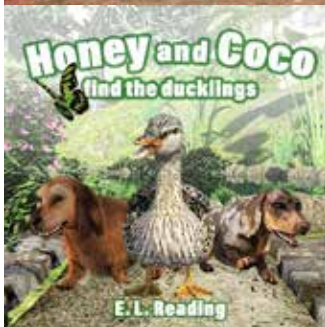

Featuring the delightfully cute duo of Honey and Coco the dachshunds, this book will help your child understand counting, finding, and helping others.
